ANTHONY LEWIS

March 4, 1987

Dear Mr. Lauder:

Do you remember what Dr. Johnson replied when a woman asked how he could have got a definition so wrong in his dictionary? "Ignorance, Madam, pure ignorance."

That has to be my answer to you. I was not aware of the agency's denial of the Beirut story, or of your letter to the Post. I should have been.

*Best wishes -
Tony Lewis*
